

CONVOCATORIAS FONDOS COVID-19

Nombre de la convocatoria:
Get funding for ideas that address COVID-19. UKRI
Descripción: (objetivo de la convocatoria, modalidades, áreas temáticas o demandas específicas, requisitos, montos mín. y máx. de fondeo)
Proposals are invited for <u>short-term projects addressing and mitigating the health, social, economic, cultural and environmental impacts of the COVID-19 outbreak.</u> UKRI will support excellent proposals up to 18 months duration which meet at least one of the following: • new research or innovation with a clear impact pathway that has the potential (within the period of the grant) to deliver a significant contribution to the understanding of, and response to, the COVID-19 pandemic and its impacts. • supports the <u>manufacture and/or wide scale adoption of an intervention with significant potential</u> • <u>gathers critical data and resources</u> quickly for future research use <u>If a grant is awarded, we will provide funding at 80% of the fEC.</u> Award range: There is no specific budget for this call. We are interested in funding research of any scale that can demonstrate it will deliver impact in the project length. Proposals will be accepted from anyone who is normally eligible to apply for UKRI funding. This includes any company or SME that would normally be eligible for Innovate UK grant support. You will need to show that you can start work within 4 weeks of the funding being confirmed. If you intend to work with international co-investigators: You should provide information on all costs that you believe are needed for the research, including for international co-investigators. These costs will be examined further and justification sought if the proposal is looked at for potential funding. PARA QUE ALGÚN INVESTIGADOR DEL TEC PARTICIPE EN ESTA CONVOCATORIA, LO DEBE HACER COMO CO-INVESTIGADOR, ASOCIADO A UN PI EN UK
